

Chapter 1 – Coffee Beans: Light roast – fruity, acidic. Medium roast – balanced. Dark roast – bold, smoky.

Chapter 2 – Grinding: Coarse for French Press, medium for drip, fine for espresso. Fresh grind is best.

Chapter 3 – Water Temperature: Ideal range: 90–96°C. Too hot burns coffee; too cold under-extracts.

Chapter 4 – Espresso: Fine grind, high pressure, 25–30 sec extraction. Rich crema on top.

Chapter 5 – French Press: Coarse grind, steep 4 min, press slowly. Full-bodied and aromatic.

Chapter 6 – Cold Brew: Coarse grind, steep 12–24 hrs in cold water. Smooth, low-acid flavor.
